## OBJECTIVE

To obtain a challenging position as a Java Developer where I can utilize my knowledge of Java, Spring Boot, REST APIs, and database management to build scalable applications, while continuously enhancing my problem-solving skills and contributing to the success of the organization.

## PROFESSIONAL EXPERIENCE

### Java Developer Intern

📅 Jun 2025

Anvistar ITS Pvt. Ltd 📍 Pune, India

- Implemented business logic and optimized SQL queries, reducing database response time by 25%.
- Developed reusable backend modules using Java, enhancing code maintainability across 3 internal projects.

### Full Stack Development Intern

📅 Jan 2025

Cognifyz Technologies 📍 Nagpur, India

- Built 4+ full-stack apps with React.js and Node.js, boosting load speed by 30%.
- collaborated remotely to deliver scalable features early.

## EDUCATION

### Bachelor of Technology in Computer Science Engineering

Dr. D.Y. Patil Pratishthan's College of Engineering, Kolhapur

*Expected Graduation: 2026 | CGPA: 7.4*

## ACHIEVEMENTS

Power BI Hackathon Winner - Won 1st place for a Power BI dashboard with insights using DAX and visuals.

## PROJECT EXPERIENCE

### [\[GitHub\]](#) Portfolio-hub

Designed a portfolio website where multiple users can create and customize their portfolios in under 5 minutes through a simple, user-friendly interface.

### [\[GitHub\]](#) Shop Sphere

Shop Sphere is a modern e-commerce web application built with Java, Spring Boot, and Thymeleaf. It includes product listings, a shopping cart, user authentication, and a responsive UI, offering a seamless experience with RESTful APIs and efficient session management.

### Siddhanath Krushi Kendra

Developed a sleek and responsive e-commerce website for Siddhanath.shop, optimized for seamless user experience and enhanced product visibility.
